

USA Cylinder, formerly California Cylinder Corporation, was established in 2001 in Montclair, California. We are a direct supplier of high-quality gas cylinders and owned and operated by Brittany Carrico and Jennifer Hylin - daughters of former owners Curtis and Debbie Brown. The Brown family has been part of the welding and gas industry for over 70 years. We have expanded to a second warehouse location in Columbia, Tennessee making it our headquarter facility while continuing our operations in Upland, California.

USA Cylinder carries new and reconditioned cylinders in steel and aluminum, featuring new aluminum cylinders by Catalina. We offer full lines of Industrial, acetylene, CO2, medical, propane, and liquid cylinders along with helium regulators, valves, caps, labels, balloon fillers, and accessories.
